/ TU 980

Dual-band DAB/FM/AM tuner with RDS

Highlights

- Dual-band DAB
- Coaxial digital output
- Remote in/out
- 30 analog presets
- FM/AM
- 99 digital presets
- Radio Data System (RDS)

The first (more than 50 years ago) Harman Kardon® product was a tuner, and we've been improving them ever since. The TU 980 combines the distortion-free, CD-like sound of Digital Audio Broadcasting (DAB) with information-rich RDS FM, and features a bright, legible two-line display. You can control it with its own remote, or with the remote from most Harman Kardon amplifiers. Either way, you'll enjoy the drift-free reception Harman Kardon tuners are famous for.

Key Specifications

- DAB tuner – Band III: 174MHz – 240MHz; Band L: 1452MHz – 1492MHz; Adjacent Channel Rejection: 35dB
- FM/AM tuner – Ultimate (maximum) S/N Ratio (measured at 1mV RF input level), (mono): 65dB; (stereo): 60dB
- Dimensions (H x W x D) and weight: 63mm x 440mm x 334mm, 3.4kg

Depth measurement includes table stand, knobs, buttons and terminal connections, unless stated otherwise; height measurement includes feet and chassis, unless stated otherwise.

Dual-band DAB/FM/AM tuner with RDS

Features

Connectivity

- Two digital outputs (optical and coaxial) for DAB signals
- One analog stereo audio output
- IR remote extension jacks for control of the tuner when placed in a cabinet

Ease of Use

- CD-like audio quality with Digital Audio Broadcasting (DAB)
- Automatic scan for DAB digital radio stations; 99 DAB presets
- FM with Radio Data System (RDS); auto preset and 30 FM/AM presets
- Programmable station list for DAB radio stations: favorite station, alphanumeric, active station or tidy station
- Dynamic label segment (DLS) allows information provided by the broadcaster to scroll on the display
- Program type and multiplex name indication visible on the display
- Time, date and bit-rate indication, channel and frequency indication on the display
- Signal error rate shows level of correction to the DAB signal to maintain high audio quality
- Two-line dot-matrix display for clear visibility
- Dimmer reduces the brightness of the information screen, or switches it off completely
- Remote control input and output for control via system remote control of compatible Harman Kardon amplifiers
- Remote control
