

GLIDE 105 In-Ear Wireless Headphones

Light in the pocket, heavy on the features

The wireless Infinity Glide 105 comes equipped with an advanced, dynamic 9mm-wide driver that delivers top-quality sound.

You can connect to your Bluetooth devices and set the music to suit your mood with the dual equalizer mode for normal and deep bass output. Take that live-at-the-concert feeling wherever you go for 7 hours straight. Equipped with IPX5 technology, these in-ear Wireless headphones offers complete protection from sweat and dust.

The tangle-free, magnetic earbuds are designed to easily clip to each other, fitting securely around your neck. Now you don't have to worry about dropping or damaging them. Additionally, with a 3 button remote you can play, pause, skip and quickly access your voice assistants without having to look at your phone.

Great sound, sophisticated design and compact - now that's what we call headphones you can't live without!
