WIRELESS
Wireless, Adaptive Noise Cancelling In-Ear Headphones

Perfect sound. Perfect silence.

Introducing the AKG N200NC Wireless in-ear headphones. Enhance every creative endeavor with Adaptive Noise Cancellation and immaculate AKG Signature sound that's deep in bass and rich in the mid-range. Fine-tuned for traveling, these sleek, lightweight headphones also let you indulge in up to 12 hours of inspired listening with Bluetooth® and Adaptive Noise Cancelling turned on, and are professionally engineered to sound just as stunning even when turned off. The AKG N200NC Wireless feature Ambient Aware technology to hear environmental sound, while with TalkThru allow to have quick chats while wearing the headphones. The AKG N200NC Wireless allows for crystal clear phone conversations, thanks to the dual-mic echo noise cancellation. In addition, the ergonomic neckband design and thoughtfully included accessories i.e. airline adapter, additional ear tips and carrying case, mean these headphones are more than equipped to deliver a pure, unrivaled musical experience.

FEATURES

- ▶ Best-in-class adaptive noise cancelling technology
- ▶ AKG reference sound quality
- ▶ 12 hours of battery life
- ▶ Comfort-fit and convenient neckband
- ▶ TalkThru Technology and Ambient Aware
- ▶ Perfect phone conversation
- ▶ Lightweight and accessorized

FEATURES AND BENEFITS

► Best-in-class adaptive noise cancelling technology

Adaptive Noise Cancellation fine-tuned for traveling combines with elegant design, premium materials – aluminum and soft silicon – to reduce ambient noise and create a perfect blend of sound excellence and style.

► AKG reference sound quality

Highlighted by deep bass and a rich mid-range, the award-winning AKG sound quality lets you appreciate all the details of all your favorite songs.

► 12 hours of battery life

Get 12 hours of playback with both Bluetooth® and Active Noise Cancellation turned on, and up to 16 hours of playback with just ANC turned on. In fact, you can use them endlessly in passive mode because these headphones sound good even when switched off.

► Comfort-fit and convenient neckband

Listeners will enjoy hours of peaceful listening pleasure, thanks to the ergonomic, soft neckband, that sits comfortably on the neck. The neckband features an aux-in port conveniently located on the front, accessible without removing the headphones. In-flight entertainment can then be easily enjoyed, thanks also to the in-flight adaptor the AKG N200NC Wireless are equipped with.

► TalkThru Technology and Ambient Aware

Hear your surroundings with two sound modes. TalkThru mode drops music down and turns on speech-optimized mics so you can easily talk with your friends without removing your headphones. Ambient Aware mode increases ambient sounds, so you are more aware of your surroundings. Gain full control of your headphones' performance at the touch of a button or via the AKG headphones App.

► Perfect phone conversation

The dual microphone technology will allow you to have clear and noise-free calls. The voice feels more natural, the background noise is canceled for an optimized call experience.

► Lightweight and accessorized

Featherweight, the N200NC Wireless headphones are ready to entertain you on any journey, long or short. Thoughtful accessories like the universal mic/remote, a tangle-free fabric cable, an airline adaptor and carrying case make these headphones simply the most convenient to take along.
