

J46BT

Bluetooth® Wireless On-Ear Stereo Headphone

In-ear convenience meets Bluetooth® freedom

It's easy to celebrate two great things combined into one. Introducing the new J46BT Bluetooth® wireless in-ear stereo headphone, JBL's answer for those in need of a quality, lightweight headphone that has the convenience of a Bluetooth® 4.0 wireless device. The J46BT's 3-button remote control gives you the flexibility you need for wirelessly switching between music listening, calling, and then back to music listening again – all with the simple press of a button. With its lightweight frame and comfortable silicone ear tips custom-designed to fit your ear in 3 different sizes (S, M, L), you've got a rare combination of on-the-go portability meets signature JBL sound.

- ▶ Bluetooth® spec 4.0 compatible
- ▶ L and S-sized sport cushions
- ▶ L, M, S sized silicone ear tips
- ▶ 3-button remote control
- ▶ USB rechargeable battery
- ▶ Innovative charging clip

J46BT

Bluetooth® Wireless On-Ear Stereo Headphone

Features

In-ear design meets Bluetooth® wireless 4.0 freedom

The J46BT comes complete with in-built Bluetooth® 4.0 connectivity, giving you the freedom of wireless connection. Meanwhile, the headphone's angled earpiece provides a snug, stable fit while listening on-the-go.

3-button remote control allows easy transition between functions

Let's face it: you want an in-ear headphone that's easy to use. Something that packs high-performance without any need for rocket science. That's why the J46BT features Bluetooth® 4.0 wireless connectivity with a 3-button remote control that lets you easily play, pause, and control the volume of your music – as well as switch seamlessly to answer your calls – without even a pause in your stride.

S, M, and L silicone ear tips for the optimal fit

As if its angled earpieces weren't comfortable enough, the J46BT in-ear comes with S, M, and L-sized silicone ear tips that match the size of your ear, along with additional S- and L-sized sport cushions for extra stability – giving you the right fit for whatever your day brings.

USB-rechargeable battery gives you hours of listening

Listening to music on-the-go means having convenience when you need it, and for however long. With the USB-rechargeable battery that comes with your J46BT supplying up to 5 hours of power, you can get from A to B without any worry of the music ever stopping.
