## two-piece speaker system

The JBL Duet multimedia system provides smooth and accurate sound for any portable music player or computer. With its incredibly easy setup and use, Duet is a sophisticated approach to achieving great two-channel sound.

### Technology

Duet uses patent-pending Tangential Strain Relief (TSR™) transducer technology. With TSR, Duet delivers extra bass and lower distortion as a result of controlled linear excursion of the speaker. The neodymium magnet creates more power and sensitivity. Duet also utilizes proprietary Adverse Pressure Gradient (APG™) port design, which greatly enhances the bass performance.

### Technical Specifications

Manufacturer:	Harman Multimedia
Model Name:	JBL Duet
Available Colors:	Silver, White and Aluminum
Drivers:	Phoenix TSR
Power:	12 watts total (10% THD+N)
Dimensions:	Width – 4" (100mm) Depth – 5" (125mm) Height – 7-1/4" (185mm)
Weight:	3.5 lb (1.6kg)
Input Impedance:	>5k ohms
Signal-to-Noise Ratio:	>80dB
Frequency Response:	60Hz – 20kHz
Input Sensitivity:	400mV RMS for rated power
Input Voltage:	120V AC US 230V AC Europe/Australia/Asia 100V AC Japan
