

# / DMC 1000

Four-stream digital media center with progressive-scan DVD-Video playback and 250GB internal hard drive

## Highlights

- Progressive-scan DVD playback
- HDMI™ output
- Upscaling to 720p and 1080p
- Playback from and recording to media cards and USB devices
- Front/rear-panel USB input
- Four simultaneous playback streams
- The Bridge-ready
- Plays DVD-Audio
- Gracenote® music-recognition service
- RS-232-based control
- Auxiliary input
- MP3 and JPEG playback

Smaller but vastly smarter and better looking than your average CD storage rack, the Harman Kardon® DMC 1000 will digitize, catalog and store more than 60,000 songs as you play them, allowing you to banish your CDs – and CD storage racks – to the attic. It will also let you send up to four different audio selections to other rooms of your house at once. With touch-sensitive front-panel controls (the ultimate no-button design), a concealed front-panel USB jack and hidden memory card slots, the DMC 1000 will even let you transfer your music for use in portable players, card-equipped cars and cell phones. And your iPod? Playback, control and charging with The Bridge universal dock (sold separately and very much worth it).

## Key Specifications

- Frequency response – DVD (linear PCM): 2Hz – 22kHz,  $\pm 0.5$ dB (48kHz sampling); "A"-Weighted S/N Ratio: >105dB; THD: 0.0025%; Dynamic Range (DVD): 100dB (18-Bit)/105dB (20-Bit); (CD): 96dB
- Dimensions (H x W x D) and weight: 4-1/16" x 17-1/8" x 15-5/16" (103mm x 435mm x 389mm), 19.1 lb (8.7kg)

Depth measurement includes knobs, buttons and terminal connections, unless stated otherwise; height measurement includes feet and chassis, unless stated otherwise.

# / DMC 1000

Four-stream digital media center with progressive-scan DVD-Video playback and 250GB internal hard drive

## Features

### Connectivity

- Dolby® Digital- and DTS®-compatible digital outputs
- Front- and rear-panel USB jacks for flash drives (up to 8GB) and external USB hard drives (client only, FAT or FAT32)
- HDMI output with 1080p upscaling
- Component video, S-video and composite video outputs
- Six-channel-direct outputs with bass management for the main room (Zone 1)
- Three stereo analog outputs for Zones 2, 3 and 4
- RJ-45 Ethernet jack for connection to broadband and home networks
- Connects to the Harman Kardon The Bridge docking station for iPod playback, control and charging
- Auxiliary input for converting analog audio to MP3 files
- Front-panel card slots for SD, MMC, Memory Stick® and CompactFlash® cards
- RS-232 port for command feedback and integration with W.H.E.N.™ systems

### Ease of Use

- Records from a CD to the internal media library (250GB hard drive, which will hold more than 60,000 songs)
- Plays audio and still-image files from the media library, solid-state media cards, USB portable drives or iPod
- Transfers audio and still-image files to and from media library, solid-state media cards, USB portable drives or recordable CDs
- Streams audio to up to four independent zones simultaneously, allowing different areas of the home to enjoy unique programs
- Gracenote music-recognition service for identification of album name, artist and genre, as well as cover art display (when available)
- Unique Harman Kardon-designed high-definition user interface simplifies operation
- DVD playback upscaled to 1080p with HDMI output for single-wire connection
- Converts audio via analog auxiliary input to MP3 files in the media library
- Recording quality: Lossless (.wav), Best (MP3: 320kbps), High (296kbps), Medium (192kbps), Basic (128kbps)
- Two-line, 20-character dot-matrix front-panel display
- Front-panel controls using advanced touch-sensitive technology
- Playback of MP3 and JPEG files, ID3 v1 tag support
- Adjustable viewing options include aspect ratio and multiple angle
- Full-featured backlit remote control
- Detachable IEC power cord
- Four-speed smooth scan and slow motion, frame-by-frame advance
- Program playlist, random and repeat play (one track, one CD or A-B)
- Parental lock
- Software upgradeable via CD-ROM
