SOUNDSTICKS® II

SELF-POWERED SATELLITE SPEAKERS AND SUBWOOFER SYSTEM

The 40-watt Harman Kardon® SoundSticks® II three-piece speaker system produces high-quality stereo sound for music, movies and gaming.

// SoundSticks® II

Self-Powered Satellite Speakers and Subwoofer System

COMPATIBILITY

The stereo mini jack connection allows you to enjoy awesome audio from a variety of devices, including digital music players, computers (all platforms), stereos and portable listening devices.

EASY-TO-USE TOUCH CONTROLS

Touch Volume Control – Just a touch increases or decreases the volume. Just a touch mutes or unmutes the system. The unit also remembers your last volume setting. The SoundSticks II audio system utilizes a straightforward interconnect technology, which provides an effortless user interface with minimal desktop wiring.

The powerful subwoofer provides clean, low bass. The treble- and subwoofer-level controls are located on the back of the subwoofer.
