## HOW TO WEAR YURBUDS

1 Insert sound tunnel.

2 Twist into place.

For a Getting Started video featuring TwistLock® in action, scan the QR code or visit [yurbuds.com/focus-twistlock](http://yurbuds.com/focus-twistlock)

Our earbuds fit differently than other brands in that they are designed to fill the bowl of your ear with the sound tunnel extending down into your ear canal. They are not meant to be pushed down into the ear canal. The back of the bud should brace lightly against the back of the bowl of your ear.
